

Local locksmith marks 20 years in business

Medhi Zahedi celebrating 20 years in the lock/key business

Accu-Key Lock & Safe Inc. is celebrating its 20th year of business in the Kettering and Dayton area. Mehdi Zahedi is the owner and operator of the business. Even though there is no actual retail store, his van has been setup to be a full service mobile locksmith shop. He works on residential and commercial locks, including safes, and is a certified GSA technician and inspector. He is a member of the Kettering-Moraine-Oakwood Chamber of Commerce, Safe and Vault Technician's Association, Associated Locksmiths of America

and is bonded and insured.

Mehdi enjoys meeting new customers, yet cherishes the friendships he has developed over the years with his regular customers. He provides services from basic rekeying and installation of locks to repairing GSA certified safes and locks for the federal government and it's contractors.

Recently, Accu-Key's van was voted "2008 Best Mobile Van" by members of the Associated Locksmiths of America (ALOA) which is over ten thousand members strong. Mehdi considers it a

great honor to win an award that was voted on by his peers across the country. His van is his mobile storefront and he takes great pride in his work. First impressions are important in gaining customers trust, and this company strives to do just that. In a time when larger corporations offer only better prices, local residents appreciate the quality service they receive from locally owned family businesses like Accu-Key. You can reach Accu-Key Lock & Safe, Inc. at (937) 294-4241 or visit their web site at www.accukey.net.
